

# Why Support Lutheran Counseling Center ?

Has anyone ever asked you this question before? Allow me to ask you to consider it now. And even as I ask you, I'll offer you some possible answers. Please choose one or more which best fits you and the gathering of God's people who serve with you.

Prayerfully consider how you can help ensure that the ministry of Lutheran Counseling Center continues and grows and flourishes.

## Why support LCC?

- I've heard about Lutheran Counseling Center before.
- God has brought the needs of L.C.C. to my attention.
- I believe God is encouraging me to support LCC.
- God wants others to support LCC.
- LCC provides important ministries to people of our communities.
- Christian Counseling is a Good-News/Gospel ministry.
- Lutheran Counseling Center no longer receives financial support from our district.
- Beyond individual and group counseling, Lutheran Counseling Center provides important services to people of our district, and others outside our churches.
- Ten committed Christian Counselors are available to serve the people of our community in nine locations throughout the greater Twin Cities area.
- I am in favor of expanding this vital ministry to more people in more places.
- I will prayerfully consider ways that my family and I can support LCC.
- I will encourage the congregation with whom I serve to adopt the support of LCC as a part of their overall support for Christ's mission.
